

Gary Miller, EPA Region 6
EPA Regional Officer

RECEIVED
16 JUN -1 PM 2:40

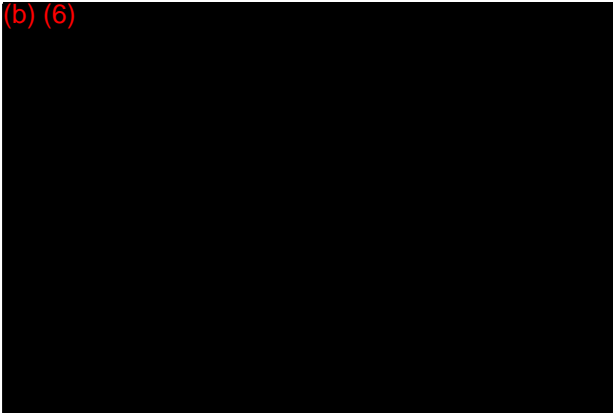

Mr. Miller

SUPERFUND DIV
REMEDIAL BRANCH
(SSE-R)

As a citizen of Baytown, I do not wish to see any further damage done to the San Jacinto River.
The study conducted by the Army Corps of Engineers has made clear that capping the waste pits will keep our community safe and the contamination isolated. This has gone on long enough.
The EPA must make the culpable parties clean up their mess with responsible and safe methods.

Sincerely,

(b) (6)
